Newsletter Date: September 2019

Servant Leaders!!

Everyone can be a SERVANT!! About 100 Youth and their leaders of The Church Of Jesus Christ of Latter-day Saints came to the center today to do just that...SERVE!! We were able to complete work projects in our community garden, help distribute fresh produce for community families, yard work as well as general cleanup of our toy sorting area in preparation for this years Marine Toys for Tots Christmas campaign. We truly love all our volunteers and we know that these work projects could not get completed without their serving hands and caring hearts. You ALL are so appreciated!! God bless you all!!

Hattiesburg Day of Service—Garden Project

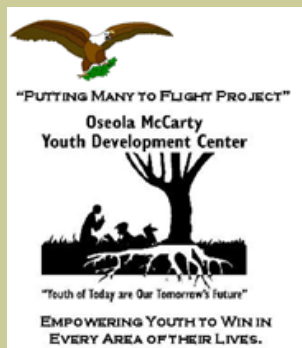

Once again we are truly grateful for all the USM Golden Eagle Freshman volunteers who came to assist us with our community garden project. The group also had the opportunity to pick muscadines which was a new experience for most of them....We appreciate you

for coming and spending a few hours with us during your Welcome Week for our Hattiesburg Service Day. What great steward leaders you ALL are!!

THANK YOU FOR YOUR SERVICE!!

The overall vision for our community is to effectively engage the community in our efforts to provide our youth with the educational and social resources needed to become contributing members of our society.

"To Empower Youth to Win in Every Area of their Lives"

TEAMWORK MAKES THE DREAM WORK!!

The SoSA (Society of St. Andrews) Mississippi team once again worked together to share fresh produce in our communities. This team is comprised of churches, nonprofits and other organizations all over the state. This Truckload of surplus produce, donated by the agricultural community, was delivered to agencies serving the underserved communities. All share the same mission of SoSA which is to supply fresh vegetables and fruit that helps to improve the health and well-being of society's most vulnerable.

Annual National Night Out Against Crime Celebration

Many thanks to all our sponsors for our East Jerusalem neighborhood night out against crime celebration. It was a great success! Our Hattiesburg community is the greatest!!
